## ARGENTINES BEATEN BY MEADOW BROOK

Milburn's Long Island Four Scores 15 Goals to 4 by South Americans.

## By CAPT. H. H. HOLMES.

PHILADELPHIA, Sept. 20.—The second semi-final for the Philadelphia and Bryn Mawr Country Club cups was won by Meadow Brook, who defeated the Ar-

record in the series of three races.

Three Star takes second prize. South Wind was third in the last race, but on points Fejo, representing Lake Erie, was third, just beating South Wind for third place. Brownie, from Narragansett Bay, was fifth, and Tara, from the eastern Long Island section, was last. It was a light weather day yesterday. It was a light weather day yesterday, and when the yachts reached the starting line, which was at the red and black spar buoy northeast of Execution Light, the water was as still as the proverbial mill pond and not a breath of air ruffled its surface.

The committee of the Manhasset Bay Yacht Club had charge of the race, and this committee was on board Capt. Lucius Mills (Committee was on board Capt. Lucius Mills). He was a was the red and black this committee was on board Capt. Lucius A. W. Herron, Jr. 150

The third chukker commenced the scorting. The Augman and James B. Graham's nearest competitors were Carl L. Kaufmann and James B. Crookston, with 149 each. Kaufmann was the lighest amateur in yesterday's open championship, and is looked upon as a dangerous competitor for the western Pennsylvania title, now held by Robert A. Lyne, who qualified to-day with a score of 151. He made a bad start in the first eighteen holes this morning, which was at the red and black strong this afternoon, doing the distance in 73, tying with Kaufmann for the best score in the last eighteen holes. The other qualifiers are:

## Interest in Polo Matches

Gives Westbury Problem A new problem has arisen to confront the Meadow Brook Club in completing gentine Polo Federation team by 18 goals to 4.

Devereaux Milburn's team held the winning hand throughout. The players from Long Island showed to great advantage. Bacon and Von Stade repeatedly exhibited the class of polo only expected from the highest handicapped players to be seen on American or other polo fields. Milburn and Hitchcock continue appeared to be in serious difficulties.

State of the greatest of all Harvard players, appeared in togs and directed the drill on interference. Hardwick previously had put a lot of life in the tackling drill, but as a past master of Harvard's style polo matches in this country, save the largest crowds that have ever witnessed polo matches in this country, save the largest crowds that have ever witnessed polo matches in this country, save the largest crowds that have ever witnessed polo matches in this country, save the largest crowds that have ever witnessed polo matches in this country, save the largest throughout, and at no decade ago.

pole matches in this country, save the International cup tournaments of a decade age.

Regardless of this threat the work of getting ready is going steadily ahead and ponies are being shipped to the field every day. Most of them are coming direct from Philadelphia where they have played in the tournament at Cynwyd, but the All-Ireiand mounts are being brought over from the Whippany River Country Club in New Jersey where they have been for the last week or more. The Argentine and Meadow Brook mounts will probably not arrive until Sunday but the others will all be there by then.

Thomas D. Armour, former Scottish amateur champion, and William Hunter, the ex-British amateur champion, representing the Westchester-Biltmore Country Club, will take on two homebred professionals—Tommy Harmon, the Hudson River pro, who finished third in the metropolitan open the other day, and George River pro, who finished third in the metropolitan open the other day, and George McLean, the Grassy Sprain pro—at the Hudson River Country Club Saturday, borte mencing at 10 A.
